Dear friends,

Hereby we send you a new booklet "East Timor: to be liberated or to be exterminated; that is the question". It was written by Pedro Pinto Leite and edited by X minus Y Movement, the Komitee Indonesië and the East Timor Group. The Dutch groups have used the booklet in its lobby during the special Non-Aligned Movement conference on peace which was held in The Hague in the last week of June.

Contrary to the plans we have made during the last meeting of solidarity groups in Kopenhagen in February we decided against a big international meeting. This was due to our expectation that the conference would be less important than we first had estimated. The decision was made with the agreement of the external delegation of Fretilin in Lisbon. Therefore you did not receive any invitation or call for funds.

We did send you an invitation to participate in the annual IGGI-campaign and I would like to use this occasion to thank everybody for their responses. The campaign was relatively successfull with groups attending from West Germany, Great Britain and Switzerland, and Japan sending Japanese banners to carry in the demonstration.

The report "East Timor: to be liberated or to be exterminated" is available both at the office of X minus Y and of the Komitee Indonesië (see first page) at the equivalent of ƒ 4,- per copy. We hope you will all use the booklet!

Solidarity greetings,

Mariël Otten,
Komitee Indonesië
Chris Huinder,
X minus Y Movement
